

## PILOT STILLS

Whether for recipe development, or a low-cost entry into small scale production, our Pilot Stills are perfect for any spirit made from a low solids wash. Multiple distillations through bubble plates can be used to achieve vodka strength. Barrel strength, for aged spirits, can be reached with a single pass through bubble plates or two passes with a simple column. Water flow through the dephlegmator can be used to control reflux rate, and bubble plate sections can be assembled as necessary, to achieve the desired degree of separation.

### Features include:

- Stainless steel boiler, available in three sizes: 50L(13 Gallon), 100L(26 Gallon), and 200L(53 Gallon)
- Stainless steel alembic condenser/parrot spout assemblies
- Modular design allows for column scalability with copper, stainless steel, or glass sections available; all sections include full-copper bubble plates

ITEM	PRICE
50L Pilot Still-Boiler Only	\$300.00
50L Pilot Still - 304SS Column Assembly	\$1,650.00
50L Pilot Still -Copper Column Assembly	\$1,775.00
50L Pilot Still - Glass Column Assembly	\$1,800.00
100L Pilot Still-Boiler Only	\$500.00
100L Pilot Still - 304SS Column Assembly	\$1,825.00
100L Pilot Still - Copper Column Assembly	\$1,950.00
100L Pilot Still - Glass Column Assembly	\$1,975.00
200L Pilot Still-Boiler Only	\$800.00
200L Pilot Still - 304SS Column Assembly	\$2,200.00
200L Pilot Still -Copper Column Assembly	\$2,350.00
200L Pilot Still -Glass Column Assembly	\$2,375.00
304SS Column Section (Qty. 1) w/copper bubble plate	\$135.00
304SS Column Section (Qty. 2) w/copper bubble plates	\$270.00
304SS Column Section (Qty. 4) w/copper bubble plates	\$500.00
304SS Column Assembly - (4) column sections w/copper bubble plates, 304SS dephlegmator/condensor/parrot spout, temperature gauge, hose connections, clamps/gaskets	\$1,375.00
Copper Column Section (Qty. 1) w/copper bubble plate	\$175.00
Copper Column Section (Qty. 2) w/copper bubble plates	\$350.00
Copper Column Section (Qty. 4) w/copper bubble plates	\$675.00
Copper Column Assembly - (4) column sections w/copper bubble plates, 304SS dephlegmator/condensor/parrot spout, temperature gauge, hose connections, clamps/gaskets	\$1,500.00
Glass Column with (4) copper bubble plates	\$700.00
GlassColumn Assembly - (4) copper bubble plates, 304SS dephlegmator/condensor/parrot spout, temperature gauge, hose connections, clamps/gaskets	\$1,575.00
304SS Gin Basket with copper screen	\$125.00
Copper Gin Basket, with copper screen	\$150.00
Pilot Still Copper Helmet with copper screen	\$550.00
Copper Vapor Arm - 180° elbow, 2" Tri-Clamp	\$200.00
Pilot Still Temperature Controller Package W/Heating Elements	**Contact for Pricing
